SPEND A DAY WITH US

Newberry College does not keep a nine to five schedule. As a small liberal arts college and residential community, the campus is a 24-hour-a-day immersion for students, faculty, and staff. Because of the "Small Community - Big Family" atmosphere, students take an active role in many campus activities and organizations throughout the day.

Newberry College offers its students many opportunities to grow, excel, and develop their leadership skills. Although these opportunities are not unique to Newberry College, what is unique, is the student's ability to take part in all of these opportunities while pursuing a rigorous course of study. We like to say that Newberry College students can do everything. They can participate in sports, join a fraternity or sorority, serve in campus ministry or student government, and still achieve grades that will place them on the Dean's List.

Obviously we are very proud of our College and the traditions Newberry has started. The best way to understand Newberry College is to visit our beautiful campus and experience it for yourself. We invite you to come to Newberry, tour our campus, attend a class, and meet the members of the Newberry College community and our admissions staff.
